

Leavitt Hornets vs Hunger walk to Make a Difference

For immediate publication

Leavitt Area High School will be participating in the Hornets vs Hunger walk as part of Make a Difference day on October 24th (weather date is October 25th). The entire school community will walk to the Turner Elementary School and around the high school in an effort to raise funds and food for the Greene, Leeds, and Turner food banks.

Starting around 10:15am, Leavitt students will line up by class and walk together. The Hornets vs Hunger walk will begin behind the high school and it will make a loop that will pass by Turner Elementary School, Tripp Middle School and Leavitt. Though only Leavitt students and staff will be walking, the entire community is participating with donations. The Greene, Leeds, and Turner students have either donated non-perishable food items or money to help reduce hunger in the MSAD 52 community. These donations will be given to Leavitt students in need and to the local food banks.

The food need is definite in the local area and is on the rise. Food and cash donations can be dropped off in the Leavitt main office. For more information, contact dustin.williamson@msad52.org

The walk is organized by the Leavitt Key Club, the Leavitt Running Club, the National Honor Society, and by several Leavitt teachers and students. The walk will improve our communities and provide a great opportunity to give back.

Make a Difference Day was started in 1992 and it is the largest national day of community service.
