

School Records Retention Policy

Proper retention of MSAD 52 school records is essential to conduct the business of the MSAD 52 schools, to protect the legal interests of the MSAD 52 schools, students and employees, and to comply with state law and regulations concerning document retention. It is also important for purposes of efficiency and management of physical and digital storage resources that unneeded records be disposed of in a timely basis. Digital records conform to the same guidelines.

The Board will comply with all applicable laws and rules concerning the routine retention, storage and disposal of records, as well as its preservation obligation when litigation is threatened or pending. The Superintendent is responsible for implementing this policy and for developing appropriate administrative procedures and guidelines for managing school department records consistent with the applicable laws and rules. The Superintendent may delegate specific responsibilities to administrators or other school staff as he/she deems appropriate.

Employees shall be informed of this policy and the accompanying procedures/guidelines through a means determined by the Superintendent and are expected to comply with them.
