

MSAD 52 Compulsory School Attendance

Compulsory education is essential to the preservation of the rights and liberties of people and the continued prosperity of our nation. Maintaining regular student attendance is necessary to achieve the goal of an educated citizenry.

Compulsory Attendance Ages

Under state law, full-time attendance at school is required of all children from their 7th to their 17th birthday except:

Excusable Absences from School

A student's absence from school is excused when the absence is for one of the following reasons:

- A. Personal illness;
- B. An appointment with a health care provider that must be made during the regular school day;
- C. Observance of a recognized religious holiday when the observance is required during the regular school day;
- D. A family emergency;
- E. A planned absence for a personal or educational purpose which has been approved;
- F. Education disruption resulting from homelessness, unplanned psychiatric hospitalization, unplanned hospitalization for a medical emergency, foster care placement, youth development placement or some other out-of-district placement that is not otherwise authorized by either any individual education plan or a superintendents' student transfer agreement.

“Education disruption” does not apply to a student who is out of school for 10 or more consecutive school days as a result of a planned absence for a reason such as a family event or a medical absence for a planned hospitalization or recovery.

Adult Responsibility for School Attendance

Parents/guardians or other adults having control of a person of compulsory attendance age are responsible for ensuring that a student attends school as required by law. The Board expects school administrators and staff to work with families in an effort to ensure compliance.

Exceptions to the Compulsory Attendance Requirement

A person may be excused from compulsory attendance at school under one of the following conditions:

- A. He/she graduates from high school before his/her 17th birthday.

- B. He/she has:
1. Reached the age of 15 years or completed the 9th grade;

 4. Received permission to leave school from the Board or its designee; and
 5. Agreed in writing with that person's parent and the Board or its designee to meet annually until that person's 17th birthday to review that person's educational needs.

If a request to be excused from school is denied pursuant to this paragraph, the student's parent/guardian may appeal to the Commissioner of Education.

- C. He/she has matriculated and is attending an accredited, post-secondary, degree-granting institution as a full-time student. An exception to the compulsory attendance law under this paragraph must be approved by the Commissioner of Education.
