- B. Threats, including but not limited to spoken, written, or physical threats;
- C. Offensive jokes;

All students will be given training annually by district guidance counselors and/or other school personnel on the definition, appropriate response, and consequences of such harassment. Any incident of student harassment will be reported to the building principal for investigation and action. Parents of any child exhibiting such behavior will be contacted. If such harassment by an individual is repeated, it will be reported to the MSAD #52 District Affirmative Action Coordinator for investigation and recommendation of appropriate action.
