

MSAD 52 Truancy Policy

A student is habitually truant if the student is required to attend school or alternative instruction under Maine compulsory attendance law and he/she:

- A. Has completed grade 6 and had the equivalent of 10 full days of unexcused absences or 7 consecutive school days of unexcused absences during a school year; or
- B. Is at least 7 years of age and has not completed grade 6 and has the equivalent of 7 full days of unexcused absences or 5 consecutive school days of unexcused absences during a school year.

The Board shall appoint one or more attendance coordinators in accordance with state law.

As required by State law, the following procedure shall be followed when a student is habitually truant:

- A. If the principal and the attendance coordinator determine that a student is habitually truant, the principal shall inform the Superintendent. The Superintendent/designee shall first try to correct the problem informally. Informal attempts to correct the problem must include meeting with the student and the student's parents/guardians to identify possible causes of the habitual truancy and to develop a plan to implement solutions to the problem. If the initial meeting does not resolve the problem, the Superintendent/designee shall implement interventions that best address the problem, including but not limited to:
 - 1. Frequent communication between the teacher and the family;
 - 2. Changes in the learning environment;
 - 3. Mentoring;
 - 4. Student counseling;
 - 5. Tutoring, including peer tutoring;
 - 6. Placement in different classes;
 - 7. Evaluation for alternative education programs;
 - 8. Attendance contracts;
 - 9. Referral to other agencies for family services; and

10. Other interventions such as referral to the school attendance coordinator, student assistance team, or dropout prevention committee.

Failure of the student or the student's parents to appear at scheduled meetings does not preclude school administrators from implementing a plan to address a student's truancy.

The truancy law refers to "parent." For the purpose of this policy, "parent" means the student's parent or legal guardian.

- B. As part of correcting the problem informally, the Superintendent/designee shall require the student and his/her parents to attend one or more meetings with the student's teacher or other school personnel designated by the Superintendent. The purpose of the meeting(s) is to reinforce the plan referenced in Paragraph A or to develop an alternative plan. Such meetings may involve others, including but not limited to, case managers, therapeutic treatment providers, and representatives of the Department of Human Services, the Department of Behavioral and Developmental Services, and the Department of Corrections. The Superintendent/designee shall schedule the meeting(s) at mutually convenient times.
- C. If the Superintendent/designee is unable to correct the student's truancy, the Superintendent/designee shall serve or cause to be served upon the parent in-hand or by registered mail a written notice that the student's attendance is required by law. The notice shall:
 1. State that the student is required to attend school pursuant to 20-A M.R.S.A. § 5001-A (the compulsory attendance law);
 2. Explain the parent's right to inspect the student's attendance records, attendance coordinator's reports, and principal's reports;
 3. Explain that the failure to send the student to school and maintain the student in regular attendance is a civil violation in accordance with 20-A M.R.S.A. § 5053-A and explain the possible penalties;
 4. State that the Superintendent/designee may notify local law enforcement authorities of a violation of the habitual truancy statute; and
 5. Outline the plan developed to address the student's habitual truancy and the steps that have been taken to implement that plan.
- D. Prior to notifying local law enforcement authorities, the Superintendent/designee shall schedule at least one meeting as required by law and Paragraph B of this policy.

- E. If after three school days following the delivery of the written notice (described in Paragraph C above) the student remains truant and the parent/guardian and student refuse to attend the meeting referred to in Paragraph D, the Superintendent/designee shall report the facts of the unlawful absence to local law enforcement authorities.

- F. When a student is determined to be habitually truant and in violation of the compulsory attendance law and the Superintendent/designee has made a good faith attempt to meet the requirements of Paragraph B of this policy, the Superintendent/designee shall notify the Board and local law enforcement authorities of the truancy. After this notification, a local law enforcement officer who sees the truant student may transport the student to the appropriate school if the truant student is off school grounds during school hours and not under the supervision of school personnel.

The Superintendent shall submit an annual report regarding habitual truancy to the Commissioner by October 1. The report must identify the number of habitual truants in MSAD 52 in the preceding school year, must describe District's efforts to deal with habitual truancy; must account for actions brought to enforce the habitual truancy law; and must include any other information on truancy requested by the Commissioner.
