The Board of School Directors recommends **\$2,984,157** for additional local funds and gives the following reasons for exceeding the State's Essential Programs and Services funding model by **\$2,536,001:**

- \$2,536,001 is needed to cover the District's costs not fully funded in the Essential Programs and Services funding model. These items include but are not limited to: advanced placement courses, co- and extra curricular costs, technology coordinators, maintenance and operation costs of our own sewer treatment plant, and inadequate special education funding including the high cost of out-of-district placements.

Explanation: The additional local funds are those locally raised funds over and above the District's local contribution to the total cost of funding public education from pre-kindergarten to grade 12 as described in the Essential Programs and Services Funding Act and local amounts raised for the annual payment on non-state-funded debt service that will help achieve the MSAD 52 budget for educational programs.
